KNOCKNINNY SUNDAY NEWSLETTER

Twenty-Fourth Sunday in Ordinary Time

'By my words, I will show you my faith'

In the second reading today from St James we read, 'What good is it, my brothers and sisters, if you say you have faith but do not have works?' And in our Gospel reading we hear: 'The way you think is not God's way but man's...'. These are challenging texts which remind us to reflect on what path we are walking as followers of Jesus. Jesus' path was radically different to what people of his time expected of a Messiah. It was a path that would lead to much sacrifice. Being a Christian today means following Jesus' example, being counter-cultural and making sacrifices for a greater good.

Today is also the second Sunday in the Season of Creation, a time we are called to explore our relationship with nature, God's creation. Pope Francis reminds us in *Laudato Si' - On Care for Our Common Home* that 'We are not God' (LS, 67). He challenges us to re-examine our vocation to care for creation. In the past we misinterpreted God's words in Genesis to mean that we could have dominion over all of creation, own it and plunder it for our own use. Pope Francis invites us instead to explore our role as carers of creation and reminds us that the very first commandment we were ever given was to be protectors of this beautiful world. Yet, we know the earth cries out to us and that we are living through the sixth mass extinction of life on this earth due to human activity. Ecosystems are collapsing; biodiversity is in crisis. *Laudato Si'* is a hope-filled document, reminding us that we can set out on a new path, that we are capable of turning things around. One key action each of us can take this Season of Creation is to plant a native Irish tree. Each parish, diocese, family, school, university can engage in this symbolic action to help Restore Our Common Home. This week, gather two or three people and explore what can be done, mindful that our Gospel today urges us to walk God's ways not man's.

The celebration of the Annual World Month of Prayer for our Common Home.

“We see increasing sensitivity to the environment and the need to protect nature, along with a growing concern, both genuine and distressing, for what is happening to our planet.

(Pope Francis, LS 19)

‘Together as one, we can make a difference’

LAUDATO SI’ ON CARE FOR OUR COMMON HOME

“A world of exacerbated consumption is at the same time a world which mistreats life in all its forms”. (LS 230)

Here are some suggestions for you and your family’s reflection.

- ✓ The truth about disposable plastic water bottles! : It takes 3 litres of water to produce a 1 litre bottle of water. Tap water is safe to drink. If in doubt contact your Local Council. Keep a jug of water in the fridge instead of waiting for the tap to run cold.
- ✓ Are we a throw away culture! : It takes around 2,700 litres of water to make a single cotton t-shirt and it takes almost 500,000 litres of water to extract just 1 kg of gold
- ✓ Do you need the latest mobile phone : There is up to 30 times more gold in a tonne of old mobile phones than in a tonne of gold ore
- ✓ Wash laundry at 30°C when possible : It cuts CO₂ emissions, saves energy and helps the environment
- ✓ Reduce overall meat intake and have a weekly meat-free day : around 16,000 litres of water is consumed to produce just 1 kg of beef
- ✓ Boil only the amount of water you need in the kettle : It saves on energy, time and electricity costs
- ✓ Reduce driving speeds : It results in less fuel consumption and reduces emissions of other pollutants from diesel vehicles
- ✓ Don’t leave electrical appliances on stand-by : 1 kwh of electricity from a plug socket takes almost 3 kwh of energy to produce
- ✓ Use double sided paper: it takes more energy to make 1kg of paper than it takes to make 1kg of steel
- ✓ Check out your font size : switching from the font ‘Arial’ to ‘Century Gothic’ saves 30% ink on printing
- ✓ Enjoy more time in nature : it connects us to all of Creation and has numerous benefits for our wellbeing
