Third Sunday of Lent
3rd March 2024

'Lord, you have words of everlasting life.' (Psalm 19:8)

In Malawi, longer and more severe droughts in recent years have dried up small streams and water holes. Unfortunately, some areas are also affected by cyclones and flooding. When this happens, the simple mud houses are badly damaged. The water that falls is not suitable for drinking or farming but

causes a huge amount of destruction. Trócaire is working with local partners to help communities to rebuild after these events and to be better prepared for the future.

2024 - Year of Prayer

God our Father, we pray for those parts of the world affected by cyclones, earthquakes and flooding.
Give us your grace to stand in solidarity and hope with those who are suffering, and to respond in whatever way we can. Amen
